# What is the Swedish Golf Hall of Fame?

The Swedish Golf Hall of Fame is an exclusive assembly of persons from the Swedish golf history who have had achieved the biggest athletic success or who have had an extraordinary impact on the game's development in Sweden

# Background

The Swedish Golf Association had three different "top level" awards for persons who had contributed to the game

## **Guldmärket (Gold medal)**

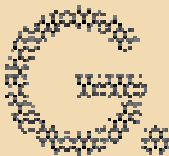

Highest honor for persons with a long period of voluntary work in golf

## **Elitmärket (Elite medal)**

Highest honor for elite players

## **Guldklubban (The Golden Club)**

Highest honor for other categories (also includes some players)

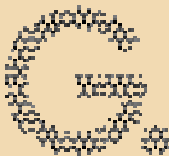

# Background

With 3 types of awards given to a fair number of (very deserving) recipients there was no accolade strictly for "those who always must be remembered" in Swedish golf

Based on an initiative from the Swedish Golf museums curator Göran Nyström the Swedish Golf Association decided to form the Swedish Golf Hall fame to honor the select few that have meant most for the game in Sweden

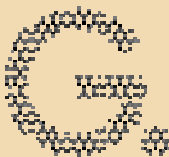

# Who can be inducted?

## Player category (approx. 2/3 of inductees)

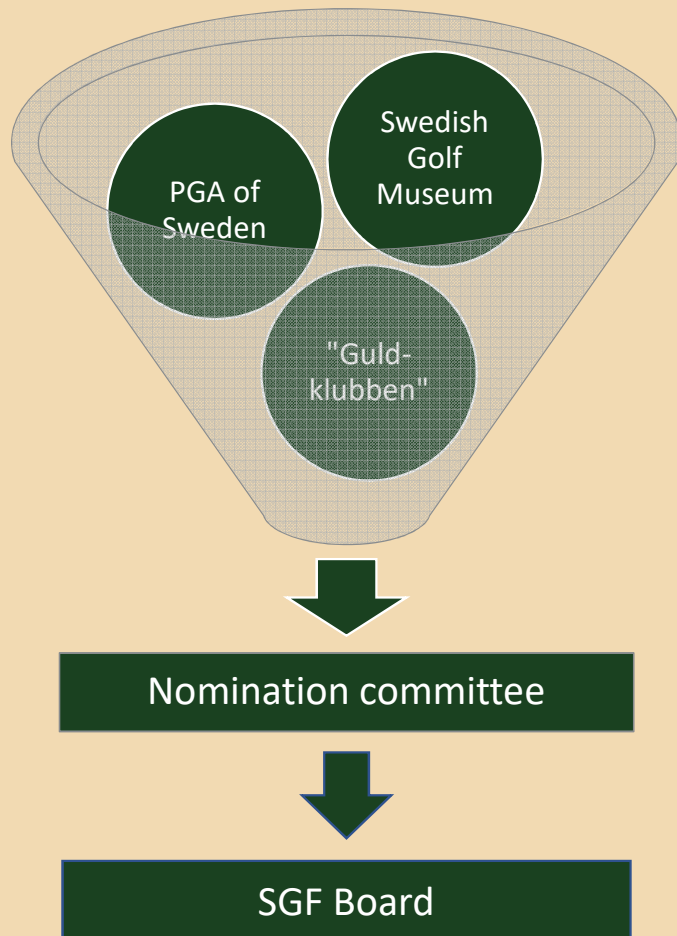

- Players with extraordinary results
- Historical players are judged by their international success in the time period or by their local dominance in Sweden
- For modern players results in the biggest tournaments, like Majors, Ryder- or Solheim Cup is given more weight
- Besides formal merits the player should also be role model when it comes to sportsmanship and the games core values

## Non-player category

- Persons who have contributed greatly to the development an or popularization of the game
- Examples include course architects, sport writers, leaders, etc.
- Non players should also have conducted themselves in accordance with sportsmanship and the sports democratic values

# How are you inducted?

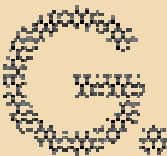

A nomination committee made up from representatives from Guldklubben, The Swedish Golf Museum and PGA Sweden recommends one or more inductee candidates to the board of the Swedish Golf Association who make the official decision

For the inaugural induction in 2022 seven candidates were recommended and subsequently inducted

For 2023 three more candidates will be inducted but from then on yearly additions will be kept to one or two candidates or even zero for some years

The induction into the Hall of Fame should remain the highest honor and only be granted to people of extraordinary significance to Swedish golf

# The Hall of Fame – an actual wall of fame

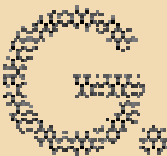

The Hall of Fame itself consist of a wooden wall made of Nordic Ash

On it a small “silhouette” of the inductee is placed together with a short presentation. There is also a video screen were you can watch more detailed presentation of the persons on the wall

The figurines depict the person in a typical pose, e.g. from a famous picture

Each figurine is made in only two copies by the Danish artist Morten Schödt – one for the Hall of Fame and one presented to the Hall of Famer at the induction ceremony
